How to use your Smartphone, Tablet or Computer

These devices can be very complex and confusing, let us show you the basics, provide some written instructions and as your confidence grows you can use some of the more advanced functions

Filming using your Smartphone or Tablet

We can teach you the basic ground rules of filming then show you how to film a family event or holiday and then how to edit on your device, all backed up with a full colour step by step guide and technical support

General support using new technology

We can give you ongoing support and encouragement all backed up by simple to read step by step guides and free telephone support, in one hour sessions

Paul Oxborough is based in Chesterfield and has over 25 years of experience teaching people how to use new technology in an easy to understand way. All sessions are charged per hour and are backed up with a step by step guide for future reference. There are no long term contracts or minimum sessions needed. We work on the basis if it is useful to you will use the service again. Paul is enhanced police checked by the local education authority, this is available on request.
